- Get to the above location immediately, and bring a phone that can send and receive calls (does not have to be a Flynn Lives phone).
- Find the TRON sticker and call the phone number printed on its face.
- Stay at the location and wait for further instructions - Flynn Lives will let you know when the mission is complete.
- Only the first person to find and call the phone number will unlock the drop and get the final meet-up instructions.

Be diligent. Stay safe. And good luck.
